

Sprint plan 4  
context: Health Informatics  
group: 3

full week

User story	Task	Task assigned to	Estimated effort
As a user I want to perform code analysis.	Let the program detect certain rows that shoud have a specified index	Jens	12 hours
	filter the data on specific codes	Jens	6 hours
As a user I want to perform comparison analysis.	Determine how comparisons are going to be used	Louis	4 hours
	start Implementing functions for comparisons	Louis	5 hours
As a user I want to be able to perform computations on the data	implement functions (count, sum, median, standard deviation )	Louis	6 hours
As a user I want to see the data.	line bars	Chris	6 hours
	frequency graphs	Chris	6 hours
	visualise the data table.	Paul	15 hours
As a user I want to specify the analysis that I want to perform.	parser for analysis	Boudewijn + more	22 hours

additional tasks			
tasks of last week	implementation of operators	Chris	
	implementation of functions	Louis
